

## **Insurer ramps up support measures during pandemic**

**METRO NEWS**

Wednesday, 07 Jul 2021

AS THE nation continues to battle Covid-19, Sun Life Malaysia Assurance Bhd and Sun Life Malaysia Takaful Bhd (Sun Life Malaysia) are extending pandemic support measures for clients who have been financially affected by Phase One of the National Recovery Plan (NRP).

This includes an extension of its complimentary “RM1 Million Covid-19 Medical Assistance Fund” until Sept 30 this year or full utilisation, whichever is earlier.

This fund provides financial assistance to clients diagnosed with Covid-19, by providing reimbursement of medically necessary costs of treatment -- ranging from RM5,000 to RM20,000 -- at Health Ministry-designated hospitals.

The premium/contribution deferment measure introduced last year will also be extended until Dec 31 this year to ensure clients have more time to make payments while maintaining their coverage.

Sun Life Malaysia chief executive officer and president/country head Raymond Lew (pic) said, "As a truly client-centric organisation, Sun Life Malaysia is committed to helping our clients and communities through both good and uncertain times.

"As the prolonged movement restrictions leave many in a state of financial insecurity, we want to continue to provide financial assistance and protection to clients who are in distress," he added.

In an effort to grant more thorough protection, Sun Life Malaysia has rolled out the FMCO 3.0 Client Wellness Campaign, which includes additional complimentary Covid-19 benefits for new clients on selected Sun Life Malaysia insurance/takaful plans until July 31.
