- **Grace period** - You are given a grace period of 30 days from the premium due date of each subsequent premium. If you do not pay the premium within 30 days of grace period from the premium due date, there will be possibility that at any time the total account value might be insufficient to support the basic policy and the rider(s) attached (if any) and your policy might lapse.
- **Account value** - The value of the protection account and the investment account of your investment-linked policy depends on the performance of the investment-linked funds selected. The higher the level of insurance coverage selected, the more units will be absorbed to pay for the cost of insurance and the fewer units will remain to accumulate account values under your policy. - **Lapse of policy** - The policy shall lapse when the total account value becomes insufficient to cover the policy charges.
- **Extension of insurance coverage** - Upon expiration of the policy, the insurance coverage will be automatically extended up to age 99 of the life assured, which may require additional premiums. For further details, please refer to appendix extension of insurance coverage.

Can I cancel my policy?

Yes, you may cancel your policy by giving a written notice to us.

- **Free look period** - you may cancel your investment-linked policy within 15 calendar days after the policy has been delivered to you. We will refund to you the sum of the unallocated premiums, the total account value and any cost of insurance and policy charges that have been deducted, less any expenses incurred by us for any medical underwriting required.
- **Written notice** – You may cancel your policy at anytime by giving written notice to us. Once the policy is surrendered, the total account value less withdrawal/surrender charge (if any) will be payable to you. The amount payable may be less than the premium paid and all the benefits and rights under the policy will end.

Important Note:

This is an insurance product that is tied to the performance of the underlying assets, and is not a pure investment product such as unit trusts. You must evaluate your options carefully and satisfy yourself that the investment-linked plan chosen meets your risk appetite and that you can afford the premium throughout the policy duration. To increase investment value at any time, it is advisable that you pay the additional premiums as 'top-ups'. Return on an investment-linked fund is not guaranteed.
