What is Sun Save Invest Takaful?

Sun Save Invest Takaful offers a combination of takaful protection and investment for up to age 99. It pays a lump sum benefit if you die or suffer total and permanent disability during the term of the contract.

Shariah principles:

- Between participants of the takaful fund for mutual financial assistance under tabarru' (voluntary contribution) principle.
- Between the takaful operator ("Sun Life Malaysia Takaful Berhad") and participants in managing the takaful funds under the wakalah (appointment of agents/representatives) principle.

Other Key Terms

- **Importance of disclosure** - You must disclose all material facts such as the medical condition and the age or date of birth correctly. If the takaful contract is intended wholly for your personal purposes, you must take reasonable care to disclose any facts that you know to be relevant to us and not to mislead us. Your above duty of disclosure continues until the contract is issued.
- **Nomination** - You may nominate a person to receive your takaful benefits upon your death, either as an executor (wasi) or a beneficiary under conditional hibah, in accordance with the Islamic Financial Services Act 2013.
- **Changes to contact details/personal details** – It is important that you inform us of any changes in your contact details to ensure that all future correspondences reach you in a timely manner.
- **Grace period** – You are given a grace period of 60 days from the contribution due date of each subsequent contribution. If you do not pay the contribution within 60 days grace period from the contribution due date, your contract will lapse, and the total account value less deferred wakalah fee will be payable.
- **Account value** - The value of respective investment accounts of your investment-linked takaful contract depends on the performance of the investment-linked funds selected. The higher the level of takaful coverage selected, the more units will be absorbed to pay for the tabarru' and the fewer units will remain to accumulate account values under your contract. Any partial withdrawal will reduce the value of the investment account, which may lead to insufficient funds to cover future fees and charges.
- **Lapse of contract** - The contract shall lapse when the total account value becomes insufficient to cover the tabarru', monthly wakalah fee and monthly fee.

Note: This list is **non-exhaustive**. Please refer to the contract documents for the full list of terms and conditions under this plan.

?

Can I cancel my contract?

Yes, you may cancel your contract by giving a written notice to us.

- **Free look period** – You may cancel your investment-linked contract within 15 calendar days after the contract has been delivered to you. We will refund you the sum of the monthly wakalah fees, the total account value and any tabarru' that have been deducted, less any expenses incurred by us for any medical underwriting required.
- **Written notice** – You may cancel your contract at any time by giving a written notice to us. Once the contract is surrendered, the total account value less deferred wakalah fee (if any) will be payable to you. The amount payable may be less than the contribution paid and all the benefits and rights under the contract will end.

Important Note:

This is a takaful product that is tied to the performance of the underlying assets, and is not a pure investment product such as unit trusts. You must evaluate your options carefully and satisfy yourself that the investment-linked takaful plan chosen meet your risk appetite and that you can afford the contribution throughout the contract duration. To increase investment value at any time, it is advisable that you pay the additional contributions as 'top-ups'. Return on an investment-linked fund is not guaranteed.
